

T500 LED is the little miracle of everyday life.

It is a very flexible solution, because it is available with two height versions (low & high) and it is designed for 1 to 4 Led modules.

It is the ideal alternative to halogen lamps, because it has higher energy efficiency and lower consumption, it last longer and there is no need for lamp replacement.

Due to it's many advantages it is the perfect choice for applications with long operating hours, e.g. hotels, retail areas, museums, wellness areas etc.

Technical Features

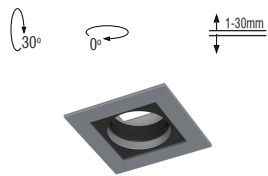

- Aluminium frame, painted electrostatically in selected colour or plated.
- Steel body, painted electrostatically.
- White version: inner part in white colour (at standard versions)
Other colour versions: inner part in black colour (at standard versions).
- Adjustable aluminium internal ring.
- Easy mounting with clips.
- Big range of aluminium reflector, lens, diffusers.
